## SHOPS SHOW MARVELOUS DISPLAY OF PLAYTHINGS

Buying playthings for the children this Christmas will not be much of a problem for Mother and Father. The Shops have a marvelous variety of playthings to please and entertain Monett youngsters.

This week the toys are being unpacked and put on display in grand splendor.

First of all are the dolls for the little girls. There are beautiful sleeping dolls with natural hair, rubber dolls that "squeak", the vamp dolls, the quaint Dutch dolls and even the walking doll. Not only must the little girl have a doll, but she must have a wardrobe trunk, and a little house to live in. There are a number of little houses in the Shops that are very pretty, and completely furnished.

There must also be a doll buggy for the dolls. There are a number of expensive ones in Reed, and others less expensive in black and brown leather.

The play world has advanced quite

as much in standards of living as has the sphere of grown-ups.

Now days the youngsters must have miniature motor cars that will run when you wind them up, miniature houses furnished throughout, dishes and cooking sets are all a necessity.

Mechanical and steam toys have kept pace with the airplanes in development. Railroad trains are worked out to the finest detail. There are miniature airplanes that really fly, and every other kind of mechanical toy to delight the small boy. Toy animals are very popular. There are cats running after mice, puppies on wheels, mechanical ducks and toy elephants and monkeys.

Toys that will delight any boy are the miniature elevators, derricks and excavators, and small sand piles and tiny buckets and spades.

The tops that wind up, and the bouncing tops are a constant delight to the little tots, and they are seen gathered about these counters every day.

The musical toys, miniature pianos, drums, etc., are always favored, and are in the foreground this season.

Toy balloons, building blocks and all sorts of games are also displayed. In fact, there are toys to suit all the children, from the smallest to the largest ones.

## HOW NOT TO TAKE COLD

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter takes good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

## APRON AND OVERALL SOCIAL

The apron and overall social given in the basement of the Methodist church Friday night, by Circle No. 3, was an enjoyable affair, and attended by a large crowd. A program was given, followed by a social evening and refreshments were served. The proceeds from the entertainment will be put into the Aid Society fund.
